HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER

HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive

Carriage Factory,
Corner of Second and Morrison Streets.
He ...fully refers to the following
CARD.

Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.

It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.

It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

[DISPATCHES TO THE OREGONIAN]

DATES TO AUGUST 14.

The Railroad War.

ALBANY, Aug. 13.—The hearing of an order by Judge Perham on what is known as the Omnibus Complaint, made by the Albany and Susquehanna Railroad, to-day, by agreement of counsel, was postponed to August 30th. Judge Perham granted the order, which was excepted to by the counsel of the Erie party, continuing the injunction and staying the proceedings under Judge Barnard's order. A motion was made to set aside the motion of Judge Barnard for a hearing at the special term in his district, which order, appointing Pruyn receiver, should not be vacated. After an argument on the admissibility of the affidavits, Judge Perham decided they could not be received. The Erie counsel excepting to granting the order setting aside so much of Barnard's order as conflicting with the one issued by him, and leaving in force the remainder, which relates to leaving the cause on its merits. The sheriff of the Pennsylvania Railroad arrived this morning, with peremptory non-bailable writs of attachment, issued by Judge Barnard. Business on the road has been resumed. Banks is in charge, with McQuade as Superintendent.

NEW YORK, Aug. 14.—The war between the railroad lines to the west is being waged with greater intensity than ever. Freight to Chicago are reduced to eighteen cents per hundred weight, and the depots are crowded with merchandise awaiting transportation.

A number of appointments and confirmations was made to-day in the New York Custom House, including W. F. Perkins, Weigher, in place of General Eagan. The Weighmaster's fraud case has gone over to Wednesday. A large number of witnesses will be called.

Washington News.

WASHINGTON, Aug. 13.—The War and Navy Departments have transferred to the Treasury the power to contract for the recovery of all vessels, whether Federal or rebel, sunk during the late rebellion.

Information has been received here that on Wednesday last a difficulty occurred at Heathsville, Northumberland county, Virginia, between some white and colored persons, during the progress of which one of the latter was killed and several injured. The riot is suppressed.

The President told the Texas politicians that the Administration will not give its influence to aid the people to full restoration until they elect men who can take the test oath, and chose a Legislature which will ratify the 14th and 15th amendments, and make other laws securing most complete equality before the law and the protection of all citizens. He has not expressed a preference for either Davis or Hamilton for Governor.

Conflict of Authorities in New York.

NEW YORK, Aug. 14.—A company of U. S. artillery is on duty in the U. S. District Court room, fully equipped, each man having ten rounds of ball cartridges. They were furnished at the request of Marshal Barlow, who, under an order from President Grant, intends to hold the prisoner, Pratt, in spite of the State Court, and protect himself from arrest. It is rumored that Judge McCunn has directed the Sheriff to summon a posse to force his order discharging Pratt, also that the Sixty-ninth regiment be ordered under arms, to enforce the Sheriff's authority. McCunn will endeavor to avoid a breach of the peace, but will sustain the dignity of his Court. Barlow is confident he has sufficient force to resist any attempt to rescue the prisoner.

Judge McCunn has adjourned the proceedings in the Pratt case, to await the action of the U. S. Commissioner. By this action the danger of a collision will be avoided. The soldiers still remain in the U. S. Court room.

Marshal Barlow does not apprehend any attempt at arrest, but he is determined not to be caught napping. He went home to Staten Island to-day, guarded by soldiers to the ferry.

CHICAGO, Aug. 14.—In the case of Pratt, the rioter, it is believed the Secretary of War will sustain the United States Commissioner and insist that he shall conclude the trial and not be prevented by the State Courts.

St. Louis Dispatch.

ST. LOUIS, Aug. 13.—A Denver dispatch says that Gov. Mitchell, of New Mexico, has issued a proclamation declaring that all Navajoe, Gila and Arapahoe Indians found outside their reservation are outlaws, and authorizing citizens to kill all such.

Lieut. J. J. Ellis, Third U. S. Cavalry, died yesterday of injuries received by a falling from a horse two days before.

The excursion party of merchants and others from the city who desire to bring to the attention of Californians the benefit to be derived from trade with St. Louis, leave here September 1st. Pullman cars are engaged.

Overland Accommodations.

CHICAGO, Aug. 13.—The Pullman Palace Car Company have made arrangements to run regularly one day each week a through sleeping car from New York to Promontory Point, via Hudson River and New York Central, Great Western, Canada and Michigan Central to Chicago; thence via Northwestern to Omaha. The first car will start on Monday, the 16th.

Southern States.

NASHVILLE, Aug. 13.—The election of United States Senator is exciting general interest. Ethridg and Johnson are the most prominent prospective candidates, though Cooper has some supporters. The *Banner* will strongly oppose Johnson.

MEMPHIS, Aug. 13.—The cotton prospects are less favorable. It is calculated that the yield will be larger in this vicinity than last year.

RICHMOND, Aug. 14.—Gen. Canby has sent a detachment of troops to Heathsville where the riot occurred between the blacks and whites.

St. Domingo.

NEW YORK, Aug. 13.—A St. Domingo letter of the 2d, reports an interview between Gen. Babcock, of Grant's staff, Senator Cole and President Baez, with many officers. Baez openly expressed a wish that the American flag may soon be raised.

Miscellaneous.

BUFFALO, Aug. 14.—The Driving Park meeting closed yesterday afternoon. The double team race was won by Medoc and Nabocolish. Time, 2:23½.

ST. LOUIS, Aug. 14.—James Copping and wife and Emiline Goranni were arrested by United States detectives for dealing in counterfeit money. A box containing $4,000,000 in five dollar notes on the Jewett City National Bank was captured.

PROVIDENCE, Aug. 14.—A three story stone building was burned on Westminster street by fire. Loss, $400,000.

ELMIRA, Aug. 14.—President Grant and family have arrived, having a pleasure trip over the Erie Railroad, and were received by a large concourse of people. After remaining a short time he left for the oil regions.

NEW YORK, Aug. 14.—Trains will probably run over the Susquehanna Railroad to-day. The damage to the property during the trouble is $20,000.

The revenue cutter is watching the steamer *Monticello*, suspected of being fitted up for Cuban filibusters.

Weston has fully performed the feat of walking fifty miles in ten hours and forty-two minutes, walking half a mile backward.

Several days ago some suspicious characters offered to sell a Wall street operator $120,000 in bonds, stolen from Benunoff in Pennsylvania, for $10,000 in greenbacks. The police were informed and detectives sent to Hudson City to conclude the negotiations. The parties met at a hotel. John Lardlow, Gabriel Gorshyn and Arnold Brown passed over to the detectives a package said to contain the bonds, receiving in return a package containing $106,000 counterfeit greenbacks. When the latter package was opened, it was found to contain a genuine $10,000 and the balance in old papers.

Mrs. Verman, whose proceedings against her husband for abandonment have been before the courts for some time, attempted suicide with arsenic last night. Remedies were applied in time to save her life. It is said she was induced by poverty and disappointment at the termination of the trial, to take this step.

Tug boats for Navy Yard patrol on the North and East Rivers are on New York bay every night to prevent Cuban departures.

The Congressional Committee of Retrenchment, together with Senators Morrill and Cattell, of Finance Committee, and D. F. Murphy, of the Senate, are reported to have left last night for San Francisco. Several ladies will accompany the party.

The case of bankers doing business in the city and living in Brooklyn, charged with failing to make return to the Assessor, were taken to the jurisdiction of the civil courts. The question will be settled and cases come for trial.

From Cuba.

HAVANA, Aug. 13.—Count Valmesada captured, near Ramancagua, a rebel convoy, Gen. Jordon commanding, which was moving toward Holquin. The rebels, after a short fight, took to flight. Their commander escaped. This is considered the most important capture of the war.

The authorities of Santo Espiritu report a rebel plot to poison the bread used by the inhabitants on a certain day. It was discovered, and a number of suspected parties have been arrested.

Advices report that the Captain General has sent the ironclad Victoria to Demara to attempt the capture of the Peruvian monitors.

Survey of the Darien Canal.

CHICAGO, Aug. 14.—A *Republican's* special says Admiral Davis, late commander of the South Atlantic Squadron, has been ordered to survey the Isthmus of Darien to ascertain the feasibility of a ship canal.

BY ATLANTIC CABLE

LONDON, Aug. 13.—Five yachts started in the race from the Isle of Wight, yesterday. The course was forty miles. The *Yeria* won the race in six hours and thirty-eight minutes. The Oxford boat club causes a favorable impression. It is said, with little practice, they are the most finished crew ever on English waters. The Harvards are out every day. Their practice shows a decided improvement. Yesterday they rowed to Cheswick, against ebb tide, and returned, making good time.

MADRID, Aug. 13.—Twelve persons have been arrested at Burgos, charged with having partaken in the Carlist insurrection.

Startus, at the head of 500 Carlists, has entered Spain from France, at Pigiadoria. The entry of other bands at various points is expected. Considerable excitement is occasioned at Malaga by a Republican movement there.

LISBON, Aug. 13.—The new ministry has been formed, and is composed as follows: President of Council and Minister of Interior, Duke Laula; Minister of War, V. Maldonia; Minister of Finance Bureau, Comax; Minister of Public Works, Labranvila; Minister of Foreign Affairs, Mendelsde; Minister of Marine, Ribaldele Silva; Minister of Justice, Lucana de Castro.

ST. PETERSBURG, Aug. 13.—The assertion recently made by some journals, that the Porte had information of a letter compromising the Viceroy of Egypt in respect to his relations with the Czar, are pronounced utterly false. No such letter exists. The only correspondence exchanged in regard to the Viceroy was a notice sent by the Austrian Government to St. Petersburg that it was the intention of Ismeal Pasha to visit the Russian Court. To this a favorable reply was returned by the Czar.

DUBLIN, Aug. 13.—The celebration of the capture of Derry passed off with much enthusiasm in various parts of Ireland. No disturbances are reported.

PESTH, Aug. 13.—Deak and his party approve of the policy of reconciliation with Prussia, and non-intervention in the internal question of Germany.

PARIS, Aug. 13.—The committee of the Senate is progressing in the examination of the *Senatus Consultum*. An amendment has been introduced, providing that in case the Senate rejects any bill which has been passed by the Corps Legislatif, a mixed committee of Senators and Deputies shall be appointed to adjust the disputed points. The project empowering General Councils to elect members of the Senate is disapproved by a majority of the *Senatus Consultum*.

The Emperor to-day signed several decrees of amnesty for political offences.

ALEXANDRIA, Aug. 13.—The lowness of the river Nile has excited general attention. The water is lower than it has been within one hundred and fifty years.

The prospects for cotton are favorable. The crop is estimated at 1,750,000 bales.

NEVADA.

CARLIN, Aug. 14.—Quite a number of our prominent citizens left to-day to look after their interests at Mineral Hill. Forty-four claims have been located, a mining recorder elected, and work commenced in good earnest. Quite a town has sprung up there, and our merchants are forwarding supplies every day. Mr. Barrett Pierce, an old California and Nevada miner, says the hill in which the principal ledges have been struck will throw Treasure Hill in the shade as soon as the mines have been opened.

VIRGINIA, Aug. 14.—Three days ago Owen Kelley, working near the 1,100 foot station of the Empire shaft, got caught between the side timbers of the shaft and an ascending tank of water. He fortunately escaped with his life and no broken bones, and although he got a terrible squeezing, but will shortly recover.

The health of the city is improving; no more cases of scarlet fever and whooping cough.

The cause of the fatal accident in the Yellow Jacket, last evening, was a panic among the working men, who supposed some of the deadly gas making its escape to where they were. Mitchell, in his excitement, dropped a distance of 50 feet, which caused instant death.

The Pacific Union Express last night shipped 60 bars of bullion; value, $8,678 62. W. F. & Co. shipped 14 bars, value, $34,737 99. Total, $43,416 61.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, Aug. 14.—The first invoice of boots and shoes direct from New York by way of the railroad, arrived this morning to a prominent dealer in this city.

The California Steam Navigation Company have declared a dividend of one per cent, on their capital, aggregating $35,000, payable on the 16th inst.

Only one shipment of treasure to the East via the railroad has thus far been made during the week, amounting to $17,000. For the same time last week nearly $120,000 went forward.

The public school question in Sacramento commences Friday, August 21st. The Pacific Railroad has granted passes to Truckee and back, good for one month.

Excursion trains are advertised to run between Stockton and Sacramento to-morrow. The Sacramento Pioneers have eighteen names of parties desirous of visiting the Eastern States. All entitled to join with Association residing in other cities, may send their names and participate. When a sufficient number of persons indicate a desire and intention to go, a meeting will be called to decide when to go.

Mining Stocks.

Mining stocks generally continue to improve. Exchequer sold this morning, for the first time since the 4th, bringing $5 per share, a decline of $4 50 from last sale. At the morning board yesterday Kentuck advanced to $59, Gould & Curry $11, Hale and Norcross, Overman and Savage, each $14, Ophir $150, and Belcher and Imperial each, $1. Alpha declined $4 25, Yellow Jacket $2 50, Crown Point $2.

Stockton Dispatch.

STOCKTON, Aug. 14.—A man named John O'Donnel was run over by a team loaded with grain at the Mountain House to-day and instantly killed. When picked up it was found that his neck was broken. A bottle of whisky was found in his possession, and it was supposed that he must have been intoxicated at the time of the accident.

The railroad track working eastward was completed to Pleasanton to-day. The Livermore Tunnel will be finished by Monday next. A large force of men are now employed at the San Joaquin river bridge.

The trotting race this afternoon on the Stockton race course between R. S. Johnson's horse Reuben and Geo. Fox's horse Village Boy, for $500 a side, resulted in favor of Reuben. Village Boy was put out on the second heat. Time, 2:33½ and 2:31½. At the second and last heat Barney Rice was substituted in the place of John Olive in driving the Village Boy.

OREGON.

The receipts of wheat at Albany for the week ending 12th inst. were 17,394 bushels.

Alvin Brock, who was thrown from a horse in Linn county a few days ago and had his back broken, died on Thusday last. He lay out all night after the accident, before he was found.

The *Farmer* says: George W. Standford, of Sublimity, Marion county, has invented a water-wheel gate, which is so easily controlled that a purchase of one pound weight will open or close the gate under any head of water.

The Albany *Register* says: Our city is to have a system of cisterns. Work has already been commenced upon one at the intersection of Ferry and First street. The work is being prosecuted by Mr. Humphrey. The cisterns are to be sixteen feet across and nine feet deep, and will hold 18,000 gallons of water.

The Eugene City Distilling Company are now manufacturing about 70 gallons of whisky daily or 1,800 per month. They can average this much every month in the year. The distillery, says the *Journal*, which is situated on the bank of the river at the northeast side of town, contains all the latest improvements, and the company are said to be making a very superior article of whisky.

Mr. James Goodchild, of Eugene, has raised three crops of peas from the same seed this year and expects to raise the fourth crop. He planted the seed early, and when it ripened planted it again, and raised a second crop, which was in like manner planted and has brought forth a third crop. This will be ripe in about ten days, when the fourth crop will be planted, with a fair prospect that it will mature.

From the *Farmer*: We are under obligations to ex-Senator Nesmith for fine samples of Norway oats. They seem to be a very prolific variety, as Mr. I. H. Judson informs us he has ...d eighty-seven bushels from one and one-third acres, from one a half ... of seed sown. We are prepared to say now that the Norway oats are not the California wild oats, but a very different grain. It is also very different from the Black S... oats.

From the Eugene *Journal*: Rev. J. A. Hanna, of Eugene City, has been ...d by the Oregon Presbytery to visit the Eastern States for the purpose of raising funds to endow the Albany Collegiate Institute, an institution of ... under the control of the Presbyterian Church at Albany, in this State. The Institute already has property to the value of about $12,000, and is out of debt. Mr. Hanna will enter upon the work with a great deal of confidence and enthusiasm, and h... to be able to raise $50,000 in two years.

Many of the Western papers are heralding "dull times in Chicago." The quality of that dullness may be estimated from the fact, as stated in the *Tribune* of August 2d, that $10,000,000 are invested in new buildings now in course of erection there.

The following is a summary of the business of the Pension Office for the month of July: Applications received, 3,085; applications admitted, 2,688; applications rejected, 581; total ... disposed of, 3,669. The number of original invalid cases awaiting action in the office is 26,571. The number of original widows' claims is ...884. The number of cases disposed of during the past month does not exceed the number of previous months—in fact, there has been an actual gain in the work of the office, and if there should be no further legislation by Congress admitting new classes of claims, the business of the office has reached its maximum, and the country need not look for any further increase of the pension appropriations.

On the Other Side

We go our ways in life too much alone,
We hold ourselves too far from all our kind;
Too often we are dead to sigh and moan
Too often to the weak and blind;
Too often, where distress and want abide
We turn and pass upon the other side

The other side is trodden smooth and worn
By footsteps passing idly all the day
Where lie the bruised ones who faint and mourn
Is seldom more than an untrodden way
Our selfish hearts are for our feet the guide—
They lead us by upon the other side

It should be ours the oil and wine to pour
Into the bleeding wounds of stricken ones
To take the smitten, and the sick and sore,
And bear them where a stream of blessing runs
I stand to look about—the way is wide—
And so we pass upon the other side

Oh friends and brothers, gliding down the years
Humanity is calling each and all
In tender accents born of grief and tears
I pray you listen to the thrilling call
You cannot in your cold and selfish pride
Pass guiltless by upon the other side.

THE APPETITE FOR TOBACCO DESTROYED!

LEAVE OFF SMOKING AND CHEWING THE POISONOUS WEED TOBACCO.

ORTON'S PREPARATION!

ESTABLISHED 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco, in any person no matter how strong the habit may be If it fails in any case the money will be refunded. It is perfectly safe and harmless in all cases It is almost impossible to break off the use of Tobacco by the mere exercise of the will Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation there is not the trouble. Hundreds have borne witness to the fact that Orton's Preparation completely destroys the appetite for Tobacco and leaves the person as free from any desire for it as before he commenced its use. The Preparation acts directly upon the same glands and secretions affected by Tobacco and through these upon the blood thoroughly cleansing the poison of Tobacco from the system and thus allaying the unnatural cravings for Tobacco. *No more hankering for Tobacco after using Orton's Preparation. Recollect it is warranted.*

The time taken to allay all desire for Tobacco by the use of the Preparation varies slightly in different persons the average time being about Five days Some have no desire for Tobacco whatever after using the Preparation Two days

The Health and Purse of every Tobacco user in the country calls loudly ABANDON THE USE OF TOBACCO

RECOMMENDATIONS

The following are a few selected from the multitude of recommendations in our possession

We, the undersigned hereby certify that we have used Orton's Preparation for the purpose of destroying the appetite for Tobacco and can assure those who are suffering from this habit that Orton's Preparation will certainly destroy the appetite for Tobacco quickly and easily, and without any bad effect upon the health, and without creating an appetite either for the Preparation or any other stimulant.

From Samuel Cassidy Editor Journal & Argus

PETALUMA CALIFORNIA, Dec 14, 1866

For about twenty years I had used Tobacco in its various forms and for the past eight years had been an inveterate smoker Becoming satisfied that the [illegible] use of this narcotic was seriously injuring [illegible] resolved if possible to check my [illegible] habit. Hearing of Orton's Preparation for destroying the appetite for Tobacco, I sent to Portland Me., for a box of the medicine, which I received through the mail on the 11th of November A month has not [illegible] yet the medicine has effectually relieved me from all yearning or desire to use Tobacco in any form. The Preparation is not more difficult or unpleasant to take than to commence chewing gum I [illegible] have the Preparation will have the promised and [illegible] effect in every instance where it is given a fair trial. Upon that belief and from an honest desire to [illegible] who wish to break away from the slavish use of Tobacco I offer this testimonial

SAMUEL CASSIDY

Beware of Counterfeits and all articles purporting to be like this of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles. Purchasers will please order directly from the Proprietor or his duly authorized Agents

The price of Orton's Preparation is $2 per box, or three boxes for $5 sent by mail to any part of the country securely sealed from observation with postage paid on receipt of price

How to send money by mail—Enclose the amount in a letter, seal carefully register the letter and take a receipt for it of your Postmaster. Money sent by mail as above directed is at our risk. Address

FROM OCHOCO VALLEY.—From a correspondence of the *Mountaineer*, written at Ochoco, August 1st, we clip the subjoined extracts:

Crooked River valley, Ochoco and McKay creek are now about all taken up and settled. Most of the way up these valleys four or five farm-houses are in view all the time, and at one part eight are within sight. There is room for them all, if they proceed to stock-raising; but should they look solely to the plow, they are doomed.

Harvest will commence next week in this quarter, but the adage about "short horses" will apply to us. Having to both break and fence their land in the spring, nobody could put in much surface, and that which was not luckily upon a *bad streak or irrigated, will scarcely return* the seed. I think we shall patronize the Dalles for bread this winter.

I do not believe there is another spot in the whole nation containing as much population, so near to first principles of human society as ourselves. We have neither law, gospel nor medicine amongus—and literally, "every man doeth that which seemeth to him best in his own eyes" except when he happens to get them blacked.

A survey is now proceeding in this quarter by Messrs. McClung, of Eugene, and Meldrum, of Oregon City, who have a contract of ten townships, embracing Ochoco, Crooked river, etc.

There is a petition circulating here, which has now about two hundred signatures, asking for a mail between Ochoco and the Dalles. The route is a desideratum with us it is the only direction open for travel to this point at all ... of the year.

People here feel much disturbed at the rumored change of C... Smith from the Warm Springs Agency. His ... last year will never be forgotten by the ... of the valley. His genial hospitality and the attention he paid to their postal affairs, has endeared him as a father to us all. We have no doubt that the Indian Department ... an overhauling, but it is a pity the ... were cut down with the weeds. The Captain might have been retained with both financial and moral advantage to the red men of the Springs.

F... OF MATERNAL INFLUENCE.—The *Herald* of yesterday is responsible for the following rather remarkable story:

About six weeks ago Cal. W. Hess, of Yamhill county, was shot by a man named Morris. The shot passed ... the fleshy part of his right arm above the elbow, ... through the skin of the right side, and came out of the back. The wound was dressed and Hess went ... his arm being close to his side and over his right ...

Mrs. Hess, the wife of the wounded man, was at that time ... and on learning what had occurred, she was ... ably agitated, as a matter of course, but there were no unusual or extraordinary demonstrations on her part—no fainting or epilepsy whatever. Eight or ten days ago, however—that is, about five weeks after the wounding of her husband, Mrs. Hess, she gave birth to twins, seven months old and still-born, one of whom was "... ked" in the most singular and extraordinary ... On ex...ation it was ascert...d that a hole had been made through its right arm and side corresponding ... to that made on the arm and side of Mr. Hess; that the position of the arm was that of the arm of Mr. H., and that inflamation had ensued and the right arm had grown to the right side; and that the hole in the arm had partially healed up and cicatrised. We consider this one of the most singular and extraordinary cases on record, showing the wonderful maternal influence often exerted over the foetus during p... ...ry.

THE FANNIE TROUP.—This steamer has been laid up at this city for several weeks, undergoing repairs. First she was ... out of the water at the Boneyard and her hull was ...rehauled most th...roughly. Every decayed or fractured plank was ... and its place supplied by a new one. Many of her ... were replaced by new ones and ... by all the interior timbers were strengthened by being ...d. She is now one of the most ...stantial on the river. Being again launched, she was taken to the O. S. N. Co.'s wharf where she received a new boiler, new ..., new wheel, and a general ... up. The ... are powerful ones and ... the ... ever put into a steamer at Portland. They were made at the G... Iron Works. Last of all, the entire steamer was re... in very tasteful style, and now she is about the tidiest and gayest looking craft afloat in our waters. Capt. Turnbull took her out for a trial on Saturday. Everything worked well and it is believed that as soon as the ... to get to working perfectly ... she will be able to make as good speed as anything that runs in the Willa... Mr. Troup, her engineer, has superintended the setting up of all the machinery, and he has done a job of which he may well be proud.

FROM SALEM.—The *Unionist* says: The Willamette river is now four inches lower at the wharf in Salem than at the lowest stage last ...er. Mr. Conser says the Santiam river at Jefferson, is lower than at this time in any fo... year.

C... of Dallas, who was bound over to appear at the next term of the Circuit Court, and answer for the ... of Jenny Boyce, was given into the ... of the ... on Thursday evening last, and ... in the ... jail.

The ... aid ... met ... to notice by ... John P. Miller and T. W. Morris, and was organized by ... Mr. ... to the chair, and the ... of Mr. C. N. Terry, Secretary. ... IN A P...—A couple of *rather* fast drivers came ... day evening at *rather* a fast pace, ... as it would seem with another *rather* fast ... In the neighborhood of ... street one of ... collided with the back of a wagon standing ... The latter was ... over ... times quicker than an average flash of lightning. The ... fast turnout, including the horses and the ... of the buggy ... fully as quick as did the ... and for a ..., there was the most indiscriminate pile of men, horses wagons, straw, dust, etc., ever seen in that neighborhood. But strangely enough, ... were hurt. The wagon and ..., fared worse.

A F... LETTER WRITER.—Somebody has sent us an ... picked up ... where, on which appears the ... post address:

> Faith ...ters attend this missive send
> To fair Vancouver's town.
> D... then to Arthur H——
> A beau of great re...n,
> Who's curling hair and gloves so rare
> Each beauteous eve and morning
> Are seen upon Vancouver's streets,
> That quiet town adorning.

... ON.—The Vancouver *Register* chronicles the fact that two new threshers have been brought into Clarke county this year, and crows thusly: "It is useless to talk—when two new complete thresh... are ... into the county in one so...n, it is ... that our farmers are not drones." Two new, complete threshers! Really, this is most astonishing ... All in one ..., too! Now, where is the man who has railroads lying around loose waiting for the discovery of places to lay them? He should start at once for Clarke county.

... CITY.—The Oregon City *Enterprise* has greatly ... down on local news since Mr. Ireland retired. The last issue contained only these two, worth reprinting:

... a large force at work on the railroad, and the ... is progr... rapidly. From ... indications the ... will finish its first 20 miles this fall, without doubt.

The P. T. Company has over fifty men at work on its canal, blasting and cutting away the rock at the point ... the upper lock is to be.

"A HINT"—AND ANOTHER HINT.—An agricultural paper which, it is supp...d, is capable of giving advice, says: "If the wicks of kerosene lamps are soaked in ... vinegar for twenty-four hours, and thoroughly dried ... being used, all smoke will be avoided, the wicks will last twice as long, and ... brilliancy will be obtained." We venture to hint that if the wicks be soaked for half that time in *water*, they will last *four* times as long; but we "hint" nothing as regards the brilliancy of the light.

LIFE ASSURANCE.—Attention is called to the advertisement in another column of this paper, of the Craftsmen's Life Assurance Company of New York. This company is ...ted by Mr. W. A. Buchanan, a well known ... of Portland. Those desiring assurance on either the Life or Endowment plan, will find many advantages offered by this company. As will be seen by the advertisement all profits in this company are payable to policy ... annually on contribution plan.

THE TELEGRAPH LINE.—Dr. O. P. Plummer, Superintendent of the telegraph line between Portland and Marysville, Cal., is at present traveling the *entire* length of his division, and making the most thorough repairs. Every pole found to be decayed or otherwise unfit, is taken up and replaced by a sound one. In many places, the decayed poles are found to be numerous. The Doctor will, ... the setting in of winter, have the line in excellent condition.

THE IMMIGRATION AID MEETING.—The meeting at the Council Chamber on Saturday evening was pretty well ... and a very good spirit prevailed. The following ... were elected Trustees: C. H. Lewis, J. C. A... ...th, A. M. Loryea, H. Failing, H. C. ..., F. ... L. White, Chas. Weigant, W. S. Ladd, Dr. McKinnell. The board will ha... ...ter organize by the election of a Pr...t, Tr... and S...tary.

A VALUABLE CROP.—The *Unionist* says "We hear that on the Greenwood farms 5,000 bushels of winter wheat has been thrashed, the yield averaging twenty-eight bushels per acre. The spring grain remained to be harvested and thrashed, and it is expected as much more would be realized. If our information is correct, these farms will yield 10,000 bushels of grain this year, a pretty good return for one family."

RECOVERING.—Mr. R. E. Chatfield has received a letter from San Francisco, in which mention is made of Fred. Muller, well known in this city as "Paxarata." Some time since, it will be remembered, news was received that no hope was entertained of Mr. Muller's recovery. He had been sick a long time and was then at Santa Clara. This letter to Mr. Chatfield says he is now at San Francisco, and rapidly recovering.

GENERAL AGENT.—Mr. H. S. Homans of Homans & Forbes, General Agents of the Mutual Life Insurance Company, of New York, at San Francisco, is visiting our city with his family. He will go from here to Victoria and from thence to San Francisco.

THEATRICAL.—Mr. Carter and wife, and Mr. Phelps and wife, the heads of the new company for Oro Fino Theatre in this city, have gone to Puget Sound for the purpose of giving a few theatrical performances prior to opening the season here.

ON AN OFFICIAL TOUR.—Mr. Meacham, Superintendent of Indian Affairs, will start up the Columbia this morning for the purpose of visiting and inspecting the Indian agencies east of the mountains.

CIRCUS.—In consequence of the non-arrival of the steamer *Wright*, on which the Circus company will go to Puget Sound, another performance will be given to-night, for the benefit of Mr. Lee.

WINE.—This office is indebted to Charley Lamar for several bottles of champagne, sent up Saturday night, on the occasion of opening his new saloon on Morrison, next door to the old cellar.

A GOOD IDEA.—At a recent meeting of the Board of Managers of the Linn County Agricultural Society, it was resolved to give a liberal premium to the best drilled fire company.

LOADING.—The bark *Falkinburg* is loading at the steamship dock for San Francisco. On Saturday she took considerable quantities of salmon and ash lumber.

WHEAT.—The Albany papers report that during last week the aggregate receipts of wheat at that place for flouring and shipment, was 17,392 bushels.

SERVED HIM RIGHT.—An old man who is more or less demented, was arrested on Saturday and fined for indecent exposure of his person.

I. O. O. F.—A Rebekah Degree Lodge, I. O. O. F. was installed at Salem last Thursday evening. This is the second lodge in Oregon.

SPIRITUAL LECTURE.—Rev. Benj. Todd is announced to deliver a lecture on spiritualism at Vancouver, this evening.

FROM SAN FRANCISCO.—The steamship *Moses Taylor* may be expected here to-morrow night.

SCHOOL AT VANCOUVER.—The Holy Angels' College at Vancouver will reopen to-day.

THE CHASE MOVEMENT.—That there is a movement on foot throughout the southern States and some of the middle States, to get up a Chase party within the ranks of the Republican organization, is too apparent to leave any room for doubt. What is called the conservative movement in the southern States, which has resulted in the election of Governor Walker in Virginia, and has produced the nomination of Senter in Tennessee and Hamilton in Texas, is but the forerunner of the nomination of Chief Justice Chase as a "conservative" candidate for the Presidency in 1872. The Democratic party will not attempt to put up another candidate for the Presidency, but will support Judge Chase, if nominated by a conservative Convention. A similar movement is on foot in this State, and those who are leading it have ample funds to carry out their purposes. We hear a great deal of a split in the Republican party of Maryland—of a "Creswell clique" and a "Bond clique"—*but the only real division is between those who* are earnest, active and true Republicans, who support President Grant and his administration, and those who would destroy the Republican party in the interest of Chase. It is but a continuation of the same movement that sent a contesting delegation to the Chicago National Convention, the leaders of which held themselves aloof from the regular Republican organization, were refused recognition by the convention, and would undoubtedly have supported Judge Chase had the Tammany Hall Convention given him the nomination. These ... men contested for a share of the public offices in Maryland, and those who received them are now using the official patronage of the Government to obtain control of a portion of the colored vote, and bind them by secret oaths to implicitly follow their lead. The first of June convention was really a convocation of these secret colored leagues, the object of which will ultimately be found to secure their support of a conservative candidate for Governor. The defection of Senator Sprague was the key-note to this movement. He is laboring to split the Republican party of the North, by his appeals to the mechanics and laboring classes. The defection of certain parties in Maryland is in harmony with the movements being made in other directions, and it becomes all true and earnest Republicans not to be misled and deceived into even a nominal support of those who are antagonistic to the great Republican party. In a national point of view, this defection will shortly develop itself by the resuscitation of an old and well known Democratic journal at Washington as the organ of the Chase party.—*Baltimore American.*

EMERSON W. PEET, Philadelphia, Secretary & Actuary.
E. S. TURNER, Washington, Assistant Secretary.
FRANCIS G. SMITH, M. D., Medical Director.
J. EWING MEARS, M. D., Assistant Medical Director.

THE ATTENTION OF PERSONS CONTEMPLATing Insuring their lives, or increasing the amount of insurance they already have, is called to the special advantages offered by the NATIONAL LIFE INSURANCE COMPANY.

NO MONEY SENT OUT OF THE STATE.

ALL PREMIUMS RECEIVED INVESTED IN THE STATE.

THE ADVANTAGES OFFERED ARE:

It is a National Company, chartered by special Act of Congress, 1868.
It has a Paid-up Capital of $1,000,000.
It offers Low Rates of Premium.
It fu... — Larger Insurance than other Companies for the same money.
It is Definite and Certain in its Terms.
It is a Home Company in every locality.
Its Policies are Exempt from Attachment.
There are no Unnecessary Restrictions in the Policies.
Every Policy is Non-forfeitable.
Policies may be taken which Pay to the Insured their Full Amount and Return all the Premiums so that the Insurance costs Only the Interest on the Annual Payments.
Policies may be taken that will Pay to the Insured, after a certain number of years, During Life, an Annual Income of One-Tenth the amount named in the Policy.
No Extra Rate is charged for Risks upon the Lives of Females.
Insures Not to Pay Dividends, but at so low a cost that dividends will be impossible.

Its Policies are Negotiable.

By the Charter of the Company, certificates of obligations will be issued, agreeing to purchase its Policies at their value which, when accompanied by the Policy duly assigned or transferred, are negotiable, and may be used as collateral security, in making loans from the Company or from other parties.

The Hon. Jno. E. Sandford, Insurance Commissioner of Massachusetts, in his Report for 1868, speaking of Dividends in Life Insurance Companies, says: "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive, and men insure their lives for security, and not for dividends. The best and most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most upright and judicious management."

"By the Stock plan, the full cash effect of the Premium is immediately secured to the Insured, the Company taking ALL the risk. By the Mutual plan, the full value in Insurance of the Premium paid, is not secured to the Policy-holder, who takes a portion of the risk himself."

Trades Unions.

The New York *Evening Post* recently published some very interesting facts relative to the numerical strength of the various Trades. From it we learn that thirteen trades have organized National Unions, comprising nine hundred and ninety-two separate societies, and a membership of nearly one hundred and seventy-four thousand. Among these national organizations the carpenters and joiners figure with seventy-seven societies and six thousand members; the bricklayers with seventy societies and fifteen thousand members; the type-setters with one hundred and twelve societies and six thousand and thirty-four members; the iron moulders with two hundred and four societies and seventeen thousand members; the machinists and blacksmiths one hundred and twenty societies with ten thousand members, and the Knights of St. Crispin one hundred and forty-seven societies with no less than fifty thousand members. More than half of the unionists included in the statement appear to belong to New York city.

Compared with the members and means of the British Unions, which recent official investigations have shown to comprise an aggregate of over eight hundred thousand members, and to command funds to the amount of millions, the American organizations appear as yet insignificant. But it would not be safe to conclude from their present inferiority to their foreign prototypes, either that they are not likely to attain the same relative strength in the United States, or that the social issue which they represent will never assume the same relative importance. There are indications, on the contrary, that, notwithstanding the comparative sparseness of our population, our abundance of undeveloped resources and the consequently better chances of labor, trades' unions are destined to grow to far greater proportions in this country. For, in the first place, the tendency to association is more marked and universal in this period than any preceding one. The truth of the axiom that "in union there is strength" is nowhere more readily recognized than among those who believe themselves oppressed. The enormous influx of immigrants into the Union, year after year, gradually produces a strong competition in certain trades, which, by reduced wages, creates discontent among the affected classes, and naturally leads to attempts to nullify the law of supply and demand in the relations of labor. The Boston *Advertiser* is of opinion that the advent on our shores of unusually large numbers of British artisans during the spring and summer of the present year, a considerable portion of whom emigrated under the auspices of home Unions, will also tend to strengthen the American societies. The right of workingmen to combine to secure the greatest possible results for their labor is unquestionable. It is only when coercive measures are resorted to that their conduct becomes [illegible] and indefensible. By [illegible] a judicious course they may accomplish much for the cause of labor; and on the other hand nothing could do that cause so much harm as inconsiderate and violent action on the part of its supporters.

Very Embarrassing.

It must be not a little painful to the orthodox Democracy who take the *Oregon Herald* to observe that "the issues of the day" and "the time honored principles" change just as rapidly as that journal changes editors. For instance, Beriah Brown told us that the great "issue" was "negro domination," and that all other questions were dwarfed in comparison with it. His immediate successor told us that the one paramount, overpowering "issue" was repudiation, and that this was the touchstone of Democratic orthodoxy. And now comes the present editor, asserting that "the [illegible] of Chinese immigration swallows up all others, and the Union League is for it, while Democrats are against it." Now we submit that these frequent and radical changes in "the issues" must be extremely embarrassing to the Democracy. They are calculated to prevent everything like settled, concerted action among the members of the party. No Democrat can tell how soon the "organ" may have a new editor who will completely revolutionize the "issues" and establish new tests by which to try and judge Democratic principles. It is very desirable that something consistent and permanent shall be settled upon. That the "issue of Chinese immigration which swallows up all others," including the "paramount issues" laid down by former editors of the *Herald*, is destined soon to change in its turn is perfectly certain; for, contrary to the statement of the present editor, Democrats are *not* against it. In all parts of the South and East they are clamoring for it, and the agents of Southern Democrats are now on their way to China to bring over to this country "hordes of the barbarians." The Democrat who reads the *Herald*, if he is at all of an inquisitive turn of mind, must be very anxious to know what will be "the one great issue" a month or two from now, and what position he will then be required to take as an orthodox Democrat.

Terminal Cities on Lake Superior.

There is a new town in the field as a candidate for the Lake Superior terminus of the Northern Pacific railroad. The rivalry between these terminal towns on Lake Superior is quite as active as among the terminal towns on Puget Sound. Bayfield, in the northern part of Wisconsin, something like one hundred miles east of Duluth, is the new point which is putting in its claims. A letter from Bayfield to a St. Paul paper, dated 20th July, states that a corps of engineers had departed to survey the route from that place toward the west. According to this letter, it is confidently expected that the eastern terminus of the road will be located at Bayfield, but the matter would not be definitely determined until the arrival of the president, some of the directors and the chief engineer of the road, who however were expected in a few days. The harbor is said to present many striking advantages, being entirely safe and accessible, while it is open to navigation a much greater length of time than any of its rivals for the location of the eastern terminus. In fact the harbor is said to be "absolutely without objection." The letter concludes the subject with the remark that "it is fortunate that for so extensive and important a railway as the Northern Pacific is destined to become with its four or five thousand miles of main trunk and branches, the most magnificent harbor in America is here found ready formed by the hand of Nature, which, without a dollar of expense for improvement, is capable of accommodating the trade of New York or London." We fear Bayfield is claiming too much for its harbor. When it comes to talking about "the most magnificent harbor in the world," this is a theme upon which any one of the many terminal points on the Sound will fight the embryonic city on Lake Superior "until their eye-lids can no longer wag." It pleases us, however, greatly, to learn that there is so good a prospect that each terminus of the Northern road is to have the advantage of resting on "the most magnificent harbor in the world."

In General.

The contest in Ohio it is thought will not be an active one. Mr. Pendleton is thrown into the shade by Gov. Boutwell's successful administration of the Treasury, which has cast a damper on those who lean toward repudiation.

The New York *Times* finely says that "Tammany is distressed about the sufferings of American citizens who are in trouble through excess of warlike zeal for Cuban and Irish independence." This is the whole case piquantly stated.

The person who asserts that monied men have the right to control their own business and manage their own enterprises, free from the dictation of agrarian demagogues, is called by the political changeling of the Oregon City paper, a flatterer of the rich and a toady of wealth. This is exactly the conclusion which a low and uncultivated mind would come to. Every man, in every condition of life, has an equal right to hold exclusive control of his own business affairs, and to manage them as he may see fit, subject only to the laws. But this right the profound economist at Oregon City would deny to every capitalist in the State who is engaged in any considerable enterprise.

The State Democratic Committee of California has issued an address on the Chinaman. They say: "The Chinese, we admit, are frugal and industrious. Though not endowed with a genius for invention, they are eminently successful as imitators, and can turn their hands to almost any of the ordinary trades and handicrafts. It is a well known fact that, in the city of San Francisco, they have now almost a monopoly of several trades, which they have learned since landing on our shores. The peculiar flexibility of hand and nicety of touch, for which they, in common with most Asiatics, are distinguished, enable them to excel in those arts requiring great manual dexterity, and in which females have usually been employed in our country." This is puffing the Chinaman to some purpose. The Southern Democracy will now be more determined than ever to obtain this class of labor. If Chinese superiority is thus proclaimed by Democratic committees, shall we wonder that there is a demand all over the country for Chinese laborers?

THE WEST.

Sixty-one car loads of wheat arrived at Vallejo, Cal., in one day recently.

The Pacific Railroad company is increasing the extent of their snow sheds. Their success has been fully tested during the two past winters.

A whaling party at work in the Gulf of Georgia have secured this summer 9,450 gallons of oil. Some of the whales caught are 50 feet in length.

The White Pine *News* says there are now fourteen prisoners in the county jail, all in one cell 7x10 feet. Jailor Birdsall says he can hang a a few more about the premises on nails.

The Chicago commercial party, comprising men of both political parties, telegraphed home from San Francisco that the opposition to Chinese labor was confined to a "few dirty demagogues."

The Tucson *Arizonian*, of the 24th ult., says that since January, 1868, 1.690 head of cattle were stolen and 220 head killed in Prima county by the Indians. Out of a population of 785, 52 have been murdered and 18 wounded, and two have been carried into captivity.

The Victoria *Colonist* says that the guarantee of a free port on the Pacific and the construction of a northern railway across the continent on British territory are the only conditions on which there can be a permanent union of British Columbia with the Confederation.

The U. S. S. *Pensacola*, Captain George Henry Preble, bearing the flag of Rear Admiral Thos. Turner, commanding the Pacific Station, left San Francisco on the 3d inst., at noon, and arrived at Esquimalt at 5 P. M. on Sunday the 8th. The *Pensacola* is a wooden ship, tonnage 2,200; 1,000 horse power. The *Pensacola* was flag ship of Admiral Farragut at the taking of Mobile, and it was while lashed in her rigging that the gallant Admiral directed the operations in that memorable contest.

Nasby Discouraged.

Nasby tells a melancholy story of his experience on the Democratic stump. His great embarrassment has been the different platforms put up in various States. He has made himself obnoxious in the various States by not knowing how the Democratic cat is jumping in each at this crisis, and he thus writes to the Committee:

I am willin to lift my voice in behalf uv the Democracy, but I can't afford to do it too miscellaneously. I can't spred myself ore too much teritory, ez things politikle are at this time. Travelin expenses and unlimited whisky is good, but life is better. I can't afford to give my stumick a good time at the expense uv the rest uv my anatomicle structer. I hev bin egged in Ohio, stoned in Pennsylvany, stomped on in Tennessee, and clubbed in Injeany for advocating Democrisy es I understand it. Now, sir, I am willin to proceed in the mishnary biznis, but only on these condishuns:

1. I am to go only in one State.
2. You must give me before I start a legibly printed copy uv the Democratic platform uv the pertikeler State into wich I am too speak.
3. You must furnish me, before spekin, with an authentic biography uv each uv the Democratic candidates uv the State into wich I am too speak, statin fully their race, color, finanshel condishun, views on all questions before the people, parentage and antecedents.

I consider this necessary in the present highly mixed condishun uv the Democracy, to prevent our orators from fallin into sich errors es them wich neerly laid me a cold corpse into the silent toom.

MARY'S PEAK.—We would call the attention of excursionists to this really magnificent resort for pleasure parties. Situated but twelve miles west of Corvallis, it affords the finest view of the Willamette Valley from Portland to the Calapooia mountains to be found in the State, also of the ocean to the westward, and the entire range of the coast mountains.

A fine wagon road is now being constructed from the summit to the valley of Grassy Creek, by Mr. Osborne; an extensive stock raiser of Eugene City, by which wagons can be taken with ease to the highest point.

One of a party just returned from there, reports that Mr. Osborne has a dairy on the summit consisting of 250 head of cattle, and is milking thirty cows, having on hand a thousand weight of cheese, milk, butter and cream are abundant. The party highly appreciate the liberal manner with which he supplies these articles. The entire summit is carpeted with the most luxuriant bunch grass—the finest possible. On this herds of deer feed, affording food for the rifle of the sportsman, while flocks of grouse whirr away before him. Just below the summit they found a spring of delicious water, but eight degrees above the ice point, as tested by actual experiment. Down the valley of this stream, beneath groves of the peculiar silver fir, are to be found beautiful camping spots. Among the marked features of the place is the rocking stone, a huge fragment of rock weighing some tons—egg shaped—and poised on a square pedestal of the same formation, also the slipper stone, resembling a neatly finished article of that kind.

The view, of course, beggars description, and needs to be seen to be appreciated, and to all lovers of the truly beautiful, they say "by all means make the ascent of Mary's Peak." [illegible]

(DISPATCHES TO THE OREGONIAN.)

DATES TO AUGUST 14.

LAST NIGHT'S DISPATCHES

The Conflict between Federal and State Authority in New York.

NEW YORK, Aug. 14.—Marshal Barlow denies that any agreement has been made to produce Pratt before Judge McCunn on Monday. He will bring the prisoner before Commissioner Osborne to be dealt with according to the United States laws. He defends his course as preventive of a breach of the peace and says he don't intend to recede from his position, and will call upon the entire people of the Government to sustain him if necessary. On the other hand, it is asserted that McCunn has announced his determination to have Pratt brought before him and his warrant for the arrest of the Marshal enforced. Sheriff O'Brien declares he has not received any warrant, but when such warrant is placed in his hands it will be executed, regulars to the contrary notwithstanding. General Prior, Pratt's counsel, expressed his confidence in his client's release and the punishment of the Marshal. All is quiet in Chambers street.

Another Judicial Controversy.

NEW YORK, Aug. 14.—Judge Barnard granted an order requiring the Sheriff of Albany county to make fuller returns on the 16th inst. of reasons governing him for allowing Messrs. Pruyn, Ramsey and Van Valkenburg, officers of the Susquehanna Railroad, to be taken out of his custody without any evidence of violence having been used against him. Judge Barnard said he was under the impression that Judge Clute, of Albany county, should be punished for contempt in issuing a writ of *habeas corpus* in which the defendants have been discharged, but would not take action until the Sheriff made full returns.

Pay of Assistant Assessors Reduced

WASHINGTON, Aug 14.—The Acting Secretary of the Treasury, upon recommendation of the Commissioner of Internal Revenue, reduced the pay of Assistant Assessors in the States and Territories of the Pacific coast from $8 to $7 per day.

Cuban Affairs.

WASHINGTON, Aug. 14.—Senor Lemus telegraphs from Washington that he has authentic information that Spain will send no more troops to Cuba until the gunboat question is settled. Spaniards acknowledge that without the aid of these vessels they will be unable to blockade the plans of the rebels. Four boats are now ready for armament. One hundred and seventy workmen from Pittsburg Iron Foundries have contracted with Cubans to go to work in the foundries in Cuba.

NASHVILLE, Aug. 14.—The Lebanon *Herald* announces on the authority of a friend of General Stokes, that he accepts the situation, bows to the verdict of the people and will not interfere with the State Government.

NEW YORK, Aug. 14.—The statement that Senor Maca has been sent to Europe to meet General Prim is said to be incorrect. It is intimated that he has gone to Cuba to have an interview with President Cespedes in order to cooperate with the Cuban Junta here.

A prominent firm in Baltimore, dealing in gold, bonds, etc., are reported suspended in consequence of heavy losses in the Southern States and securities there.

Terrible Railway Accident.

HARRISBURG, Aug. 14.—A terrible accident occurred this morning on the Schuylkill and Susquehannah Railroad. The Buffalo Express and Northern Central railroad train at Dauphin Narrows struck a rock three feet in diameter, which had rolled from the mountain. The rock was dragged by the train thirty feet, when the engine left the track, shot over a stone wall fifteen feet high into the country, and thence through another stone wall into the Pennsylvania canal. The engine, tender, three express cars, mainly loaded with peaches, were smashed to atoms. A passenger car, well filled with passengers, was jammed into the wreck, but none were killed, although some were slightly injured. Only two persons killed—engineer and fireman. Damage to express company large. A coroner's jury rendered a verdict severely censuring the company for not having watchmen at that point, which has long been considered dangerous.

More Casualties.

MINNEAPOLIS, Minn., Aug. 15.—This morning the temporary bridge this side of the Mississippi, used for repairs at the Falls of St. Anthony, was swept away, either by sunken logs or by the effect of the current. Three men on the bridge at the time, were whirled over the falls with a mass of lumber.

CHICAGO, Aug. 14.—The Evansville, Cairo, packet *Cumberland* exploded her boiler near Shawneetown, Illinois, on the Ohio river at 4 this morning. Eighteen or twenty lives were lost. Boat a total loss.

Dispatch from Woodland, Cal.

WOODLAND, Aug. 15.—A man named Fare, supposed to be Joe Harris, and former bar keeper and late of the Bank Exchange, was shot and killed yesterday. The entire upper portion of his head was torn off. The difficulty occurred in regard to some land.

BY ATLANTIC CABLE.

LONDON, Aug. 14.—Prince Arthur sailed for Halifax to day.

The time for the International boat race is definitely fixed for Aug. 27th.

The *Times* has an editorial on the cotton supply, charging that Manchester alone is responsible for the scarcity. With all its wealth, enterprise and confidence, it never invested a penny in a cotton field in the outside world, and therefore concludes that cotton planting don't pay. If Manchester spinners would establish a cotton company with a large capital in the heart of India, things would be different. The association urges the establishment of vast cotton fields in Ethiopia, but the recommendation is thought interesting only to growers, and has little effect in causing more cotton to be grown. If India is to be our feeder, she can be so only on terms of free trade. Cotton growers must be prepared for the rival American industry. In the competition of the world in such a race, India must have great advantages, which, if increased by judicious action of the Government, it is probable that Indian agriculture and British industry might be established on a broad and permanent prosperity.

LONDON, Aug. 14.—The *Post* has an editorial on the subject of the sale of Cuba to the United States. The writer says: We entertain suspicion that the best thing Spain can do is to close with America in respect to Cuba. She gains nothing by Cuba in its present condition, but loses a sum she can't afford. She will not be strong enough to stamp out the insurrection, but is obliged by false sentiment to continue an attempt which is costly and unavailing. Notwithstanding the denial of rumored negotiations, we should not be surprised to hear that the purchase of Cuba has been effected.

PARIS, Aug. 14.—The French Government has authorized the French cable company to lay a cable from Brest to England.

The Emperor has remitted sentences passed by Court Marshal on 80 soldiers, and reduced sentences on 70 others.

Marshal Neil is dead.

Several additional bands of Carlists have appeared in different parts of the country. It is said they are by no means formidable.

NEVADA.

CARSON, Aug. 15.—Senator Nye, who is rusticating here, made a speech to ladies and gentlemen of Carson, last evening, on the political issues *of the day. Quite a large and attentive audience* greeted him.

Everything quiet among the foot pads last few days.

VIRGINIA CITY, Aug. 15.—A man by the name of Rankin was shot and instantly killed about twenty miles from Dayton. Murderer unknown.

Murphy & Mack's Minstrels appeared at the Opera House last night to a full house. Performance ordinary. They hold forth again to night and to morrow start for Salt Lake.

George Francis Train is expected to arrive in this city shortly. He will deliver a lecture on the freedom of Ireland, &c.

A man named Derickson, one of the party who beat a man severely in Chinatown some time ago, was arrested south of Genoa. He will have an examination to morrow before Justice Ellis.

Senator Nye delivered an address to the citizens of Carson last evening upon the future prospects of Oregon.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, Aug. 15.—The Tax Payers' Municipal Convention met last night and made the following nominations: For Mayor, Thomas H. Selby, *Democrat*; Sheriff, John A. McGlynn, Republican; County Clerk, John Hanna, Democrat; Surveyor, Wm A. Smith, Republican; Assessor, Geo. Congdon, Republican; Harbor Commissioner, James Lardley, Republican, Treasurer, F. S. Wensinger, Democrat; Fire Commissioner, Thomas Freeman, Republican, Coroner, P. W. Randle, Democrat; Recorder, E. W. Leonard, Democrat; Harbormaster, S. H. Wells, Republican. The nomination of a candidate for District Attorney was postponed until Monday evening, when the Judicial and ward nominations will be made, including Judges for the Fourth and Twelfth Districts, Police Judges and Supervisors and School Directors for the Eleventh Ward. The Republican Municipal Convention, which was in session, were notified through a committee of the nominations made when they endorsed them by acclamation. The Convention adjourned until Monday evening.

The committee appointed by the German citizens to arrange for the reception of Senator Schurz met last night and decided upon a torchlight procession, serenade, etc. Senator Schurz will arrive here ten days hence.

A son of police officer Burns, aged seventeen, while walking on Battery street, near Pacific, at nine o'clock last night, was assaulted by an unknown man and severely cut in the back with a dirk knife, the blade penetrating to the backbone. No cause assigned for the assault. The would be assassin has not been arrested yet.

Yesterday a strike occurred among the cartmen employed in the Second street cut. They were required to work 11 hours per day for four dollars. They demanded the same pay and only work eight hours. Sixty of them quit work.

At the Golden Gate Driving Park yesterday, the match trot for wagons for $500, between Shell Bark and Stranger, a mile and repeat, was won by the former in two straight heats. Time, 3 13 and 3 05. The trot to wagons for $100, between Calhoun, Sorrel, Charley and Stranger was won by Calhoun in three straight heats. Time, 2 44½, 2 40½ and 2 50.

The ships *Malay* and *John Dimmock*, which arrived from Hongkong yesterday, brought 730 coolies.

The sales at the San Francisco Stock Board, during the past week, aggregate $1,200,000.

Monetary

New York—Gold yesterday, 131⅞. Five twenties of '62, 123⅞; of '67, 121⅛.

New York and Liverpool Markets.

Wheat—Demand good, tending upward. Flour—nominal.

Liverpool—Wheat, 11s 4d.

San Francisco Produce Market.

Flour—No transactions of importance to note. The *Haze*, for Hong Kong, carries 900 tons as the bulk of her cargo. At close we hear of sale of 150 bbls. Buckey Family on private terms.

Wheat—In abundance. Sales continue over yesterday's rates, quoting market nominal at $1 70@1 80; the latter figure an extreme price for extra milling.

Barley—$1 05.

Shipping.

Arrived—Schooner *Alaska*, 16 days from Ounalaska. Aug. 15th, bark *Angelo*, 8 days from Teekalet; steamer *Oriflamme*, 60 hours from Portland; ship *Alice Buddle*, 10 days from Port Blakely.

Sailed—Aug. 14th, steamer *Moses Taylor*, for Victoria via Astoria; ship *Marmion*, for Port Townsend; North German bark *Edward*, for Burrard Inlet; bark *W. A. Banks*, for Utsalady.

The Amendment—How it Stands.

[From the St. Louis Democrat, Aug. 3]

The Washington *Chronicle* publishes a corrected table of the States which have thus far ratified the XVth amendment, as follows: Alabama, Florida, Maine, Nevada, North Carolina, West Virginia, Arkansas, Illinois, Kansas, Massachusetts, Missouri, New Hampshire, Pennsylvania, Wisconsin, Connecticut, Indiana, Louisiana, Michigan, Nebraska, New York, South Carolina—21. The action of Missouri was imperfect, and that of Indiana is of disputed validity, though we presume that Congress will decide it valid. The Missouri Legislature, at its adjourned session beginning early in January, will without doubt correct the blunder caused by Mr. Benjamin's imperfect dispatch.

Ratification by seven other States will be necessary to secure the adoption of the amendment. Of Vermont there is no question, and its Legislature will meet on the Second Thursday in October. Iowa is equally sure, and its Legislature meets on the first Wednesday in January. In Minnesota the Legislature will meet the Tuesday after the first Monday in January, and another affirmative vote may be looked for. It has been supposed that this State with Iowa had already voted, but if the *Chronicle* is correct they have not. In Rhode Island, one branch has already passed the resolution of ratification, and the other will doubtless concur at the adjourned session in January. In Ohio, if the Republicans carry the majority of the Legislature, as we hope they may, the vote of last year may be rescinded and the amendment ratified; the Legislature meets the first Monday in January. Early in that month, therefore, we shall have the result in all the Northern States, and may hope that the ratification by twenty-six States will be completed.

Coming to the Southern States, we find that the *Chronicle* does not include Tennessee, and if it is correct the Legislature now to be elected will have to vote upon the question. Though there is a possibility of a Democratic majority, owing to Radical dissensions, the Democratic candidates are running upon the Virginia platform and pledging themselves to sustain the amendment, and it seems reasonable to expect that enough of them will do so to give it a majority there. In Virginia the members elected are pledged to vote for ratification, and the Democratic papers assert that there will be no opposition from them, but the order of General Canby requiring the taking of the test oath may interrupt proceedings. It is reported that if this order is enforced, enough of the newly elected members who can take the oath will remain absent to prevent a quorum until the matter has been finally decided or new elections held. The decision of Attorney General Hoar upon the test oath question will therefore be awaited with more interest, for, if the order of General Canby is sustained, the organization of the Legislature may be considerably delayed, if, indeed, a feeling is not produced adverse to the amendment itself.

In Mississippi there seems to be no dispute between factions as to the amendment or as to the question of suffrage; both Republican wings equally advocating the adoption of the amendment and the defeat of disfranchising clause. The same is true in Texas, and unless the situation changes, those two States, in which the elections take place in the last week in November, may be expected to ratify the amendment before January ends. As the admission of Virginia, Mississippi and Texas depend upon this ratification, and as the Democrats of those States claim to have placed themselves on an entirely new platform, and to "accept the situation," it seems reasonable to hope that these three votes will be secured. With them, and with Tennessee, the amendment will have thirty votes in its favor, two more than are necessary, and will, therefore, be adopted. All these States, it will be observed, will have decided before the month of January next has closed.

JOSH BILLINGS' REAL ESTATE BULLETIN.—I ken sell for eighteen hundred and thirty nine dollars, a palis, a neat and pensive retirement, located on the virgin banks of the Hudson, containing eighty-five acres. The land is luxuriously divided by the hand of nature and art into pastor and tillage, into plain and declivity, into stern abruptness, and into the dalliance of mossy turfed medder; streams of sparkling gladness (thick with trout) dance through the wilderness of buty tew the slow music of the kricket and grasshopper. The evergreen sighs ez the evening zephir flirts through its shadowy buzzom. Fruits of the tropics in golden buty melt on the bows, and the bees go heavy and sweet from the fields to their garnering hives. The manshun is of Parisian marble, the porch is a single diamond set in rubies and the mother of pearls; the floor is of ox rosewood, and the celins are beautifuler than the starry vaults of hevin. Hot and cold water bubbles and squirts in every apartment, and nothing is wanting that a poet could pray for or could portray. The stables are worthy of the steed of Nimrod or the studs of Akilles, and its henery was built expressly for the birds of paradise; while sombre in the distance, like the cave of the hermit, glimses is caught of the dorg house. Here poets have come and warbled forth their laze; here skulptors have skulpt and painters have robbed the scene of dreary landskapes; and here the philosopher discovered the study which made the alkemist of natur. Next northward of this thing of beauty sleeps the residence of Duke John Smith; while southward and nearer the spice breathing tropics, may be seen the baronial villa of Earl Brown and the Dutchess Widdy Betsey Jones. Walls of primitive rock laid in Roman cement bound the estate, while upward the eye catches far away the majesty and granduer of the Hudson. As the young morning hangs like a courting of silver from the blue breast of the sky, an angel may be seen in each night dancing with golden tiptoes on the green.

N. B.—The angel goes with this here place.

Diagrams kan be seen at the office of the broker. Terms flattering. None but principals dealt with. Title as pure as the breath of a white male infant. Possession given with the lark.

MARRIED.

At Salem, August 12, 1869, by Rev Dr Wythe, Wm. T. Wythe, A. M., M. D., oldest son of the officiating clergyman, to Miss L. Belle Wilson daughter of the late Dr Wilson, of Salem

A Victoria paper says: Metchosin and Victoria Districts have harvested, and the yield is astonishingly large—far larger per acre than that of any previous year. Besides, harvest time occurred this year just one month earlier than usual.
